

# TAKE YOUR COMMUNICATIONS FURTHER

## SEAMLESS COMMUNICATIONS IS A PRIORITY, BUT NOT ALWAYS A REALITY

**88%** said “having ‘always available’ communications for emergencies is very important,” but only **19%** think that they are able to accomplish this “very well”.

**77%** said “hearing clearly anywhere, even in noisy areas” is important, but only **11%** think they can currently do this “very well” in their school.

**76%** of respondents said “communicating directly with first responders during an incident” is very important, but only **17%** think they are able to accomplish this “very well.”

**65%** of the school workers surveyed indicated “communicating with school personnel, on any device, anywhere they go” is very important, but only **15%** think they can accomplish this “very well”.

## MOTOROLA SOLUTIONS TEAM COMMUNICATIONS FOR EDUCATION
